

Bee Craft

Supplies:

- Black, yellow, and white colored paper
- Googly Eyes
- Black Sharpie
- Glue
- Scissors
- Soup can

Directions:

1. Use the soup can to trace out two yellow circles and one black circle. You can also make the white wings a circle or your own shape. Design your one antenna's however you want. Also make a small triangle for the bee's stinger. Cut using scissors cut the shapes out.
2. Next glue all the pieces together to form the bee just like in the picture above.
3. Once the bee is put together glue the googly eyes on the bee's face. Then draw on the bee's mouth.
